Please make sure you have copied the **data.csv** inside **R_DeepestLearners** folder:

NOTE:
The folders in R_DeepestLearners are numbered in the order that we suggest is the right path for a better understanding of procedures taken place.

NOTE:
Each R file contains an 'About This Script' section in the top of documentation which briefly explains processes done by that script.
Scripts have been tested to run without issue in Surrey Labs. Should you encounter any issues, please contact rn00177@surrey.ac.uk

TO RUN:
1- Open 'R_DeepestLearners' Folder.

2- Tick the 'Source on Save'.

3- save the script to run.
